About Course

CompTia CASP+ Course

Cyberyaan Training and Consultancy in Delhi presents the CompTIA Advanced Security Practitioner (CASP+) Training and Certification Course, a comprehensive program designed to empower cybersecurity professionals with advanced skills and knowledge. This course delves into intricate security concepts such as enterprise security architecture, risk management, incident response, and the integration of cloud and virtualization technologies. Participants will explore the intricacies of designing and implementing secure enterprise architectures, assessing and mitigating security risks, and securely integrating cloud and virtualization technologies into organizational environments.
